PRODUCT DESCRIPTION

We are pleased to offer you a highly efficient LED LUMILED bulb with a power of 5W (replacement for a classic 50W source), consuming up to 90% less energy compared to the standard source. Single-ended capsule mains powered for luminaires with G9 base emits omnidirectional light (360st), which makes it an ideal replacement for capsule halogen lamps. It works especially well as lighting in shops, hotels and restaurants. It is ideal for desk lamps and fittings mounted in cabinets. The G9 Lumiled solution is compatible with existing G9 fittings and is designed to replace halogen lamps. Ensures enormous energy savings and minimizes maintenance costs without compromising light

quality.
