PRODUCT DESCRIPTION

We are pleased to offer you a highly efficient LED LUMILED 10W lamp (replacement for a classic 75W source), consuming up to 90% less energy compared to a standard light source. Mains voltage single-ended capsule for luminaires with G9 cap emits omnidirectional light (360st), making it an ideal replacement for capsule halogen lamps. It works especially well as lighting in shops, hotels and restaurants. It is ideal for desk lamps and fittings mounted in cabinets. The G9 Lumiled solution is compatible with existing G9 fittings and is designed to replace halogen lamps. Ensures enormous energy savings and minimizes maintenance costs without compromising light quality.
